

Introducing – Discovery Badges!

"What makes us unique?"

That's a question many of our Embers are excited to answer! They know what they're passionate about, and they're looking for badges that can help them explore and share their interests.

Why Discovery Badges?

These badges celebrate the Ember who wants to dive deeper and explore everything she wants to be. Discovery badges are a fun new way for a girl to put her own stamp on her Guiding journey, either on her own, with a trusted adult, or with her unit (in patrols or small groups). These badges are girl-driven and flexible – it is up to each girl whether she wants to explore them in addition to the program. They aren't meant to show that she has "mastered" a skill or subject. Instead, they showcase her unique passions and interests as she discovers who she is!

What Discovery Badges can I earn?

- Adventurer
- Animal Helper
- Artist
- Camper
- Change Champion

- Experimenter
- Foodie
- Inventor
- Leader
- Maker

- Mindful Mover
- Planet Protector
- Volunteer

How do I earn a badge?

- 1. Connect with a woman who's a leader or role model in your area of interest.** Talk with her about:
 - Your interests! What you want to learn about, try, and/or do for this badge
 - What she does in this area and how she started
 - Your plan for this badge (asking her advice on how to make that happen)

If you can't connect with a role model in person, you could also:

- Connect with her online (using video calling or email) or on the phone**
- Watch a video or do research on a role model (for example, a woman in history) to get inspired!

- 2. **Make** or **do** something related to your area of interest to practice your skills or try something new. You could:
 - Build or make something (e.g. a new invention!)
 - Practice your skills in a real-life way (e.g. try new recipes and make your own dinner!)
 - Experiment (e.g. use a new material in an art or science project!)
 - Put your learning into action (e.g. volunteer in another unit to practice your new leadership skills!)

Check out our examples below for more ideas about how to get started on each discovery badge.

- 3. Share your experience and what you've created with others. You might choose to share with:
 - Your unit or another unit you know of

^{**}Remember to always have a caring adult with you when you're meeting someone new!

- A trusted adult or the role model who inspired you
- A small group in or outside of Guiding

How and what you share is up to you. When you're planning, think about:

- Who would be interested in my badge?
- · Why did I want to do this badge?
- Who did I talk to in the beginning and what was inspiring about her?
- What did I learn, try and/or make that I want to share with others?
- · What's an interesting way I could show this?
- What do I want others to know, try, see and/or hear about my badge?

Embers will spend about 2-4 hours completing a discovery badge.

Your Guiders can be a great resource to help you get started, and you might want to check in with them about your plans. Once the badge is completed, Embers will report to the Guiders about what they did and what they learned from the experience. This could be during Ember circle (sharing with the rest of the unit) or by writing a letter or having a conversation with one of the Guiders.
